

Adaptive sheet

ADAPTIVE

PERLE DE LUMIERE-UNIFIANT
(PEARL OF LIGHT - UNIFYING)

What is an adaptive?

It is a concentrate of cosmetic ingredients, to be added to your skin care routine every day, in a few drops. This adaptive is a concentrate of Swiss pine extract.

Features

Ideal for:

- Creating a more even skin tone
- Protecting against the effects of environmental stress
- Boosting skin's radiance

Did you know that?

Studies have shown that Swiss pine extract was able to both strongly and visibly reduce age spots on the face, resulting in a noticeable increase in the evenness of skin tone.

Information

The adaptive contains an extract of Swiss pine, which grows preferably at high altitudes on cold and windy hills. This long-lived pine is known as the called the king of the Alps. Inflammation has an impact on the evenness of the skin tone.

In addition, skin inflammation can also result from other biochemical pathways that are triggered by UV-induced oxidative stress and aging.

BRIGHT DYE

Origin:

Biotechnology

INCI:

Pinus Cembra Wood Extract (and) Alcohol (and) Pentylene Glycol (and) Aqua/Water
