

HOME LIFTING ROUTINE

LIFTING THREADS & SERUM +
ANTI-AGING CREAM

Informations

The threads are loaded with collagen, which are placed directly in the wrinkle groove to promote the deposit of the active ingredients they contain and thus the deposition of the active ingredients they contain and thus allow the skin to be lifted

ROUTINE

1. Clean your face.
2. Soak the anti-aging threads with the lifting serum and apply them in the wrinkle furrow.
3. Massage your face with the anti-aging moisturizer in order to make the products penetrate deeply.
4. Remove the threads after 20-30 minutes and well massage the remaining residue.

reinforce the effectiveness of collagen by soaking the threads with lifting serum

Features

The HOME LIFTING Routine is composed of three products:
Anti-aging threads with regenerating properties, a lifting serum
and an anti-aging cream.

Directions for use: After soaking the threads with lifting serum,
place them gently on the wrinkles to be corrected. Then apply a
drop of cream to the face in the morning and massage gently until
the product is fully absorbed. Remove the threads after 20 to 30
minutes. Convenient for the dry skins or the mature skins.
