

## HANDS BEAUTY ROUTINE

ANTI-SPOT SERUM (30ML)  
MOISTURIZER (50 ML)  
& GUA SHA

### Informations

Hand skin is an area that is very exposed and therefore quite sensitive. When washing your hands, soap and water remove the protective layer on the surface of the skin, so moisturizing your hands with a cream is very important.

### ROUTINE

1. Clean your hands with your regular soap.
2. Apply a dab of anti-spot serum on your hands and massage them together to make sure the products penetrate deeply.
3. Moisturize your skin with the moisturizer

The anti-stain cream - moisturizer combo moisturizer of the beauty routine, allows to preserve the the youthfulness of your hands.

## Features

This HANDS BEAUTY routine is composed of two products:  
The anti-stain serum that allows to attenuate the brown spots on the skin, as well as the moisturizing cream that promises softness and hydration all day long

How to use: After washing your hands with your usual soap, apply the anti-spot serum to the back of your hand and massage it into your skin. Apply then a hazel nut of moisturizing cream in the palm of your hand and to mass delicately until total penetration of the product. Advised for all types of skin.

Frequency and area of application

Twice a week / hands

## PHASE 2

### PHASE 1

Anti-Spots serum

Moisturizing cream

How to apply the cream on your hands?

Put a drop of cream on the top of the hand and spread it with the back of the other hand. It is not necessary during the day to put cream on the inside of the hands (less subject to aggression), which then remain available for your daily activities.
