

## DEODORANT STICK

# SOLID

50 G

**This Cosmos Organic certified deodorant stick is formulated with 100% natural ingredients and 71% from organic farming. It is suitable for sensitive skin.**

### Main ingredients

**ZINC RICINOLEATE:** reduces bad odours and absorbs malodorous compounds that are formed when bacteria break down sweat.

**MAGNESIUM HYDROXIDES:** materials known for their ability to reduce malodour.

**MAIZE STARCH:** provides a non-greasy finish after application

**COCONUT OIL:** thanks to its anti-microbial properties, it prevents the growth of odour-causing bacteria.

### Characteristics

Vanilla flavour

Appearance: off-white solid

Recommended packaging item: case

its little extra: a very soft feeling when applied

The solid or waterless line protects the environment by avoiding the transport of water

**Minimum order quantity :  
1000 units**

## Directions for use

Moisten your deodorant with cold or hot tap water and then rub it into your armpits, or rub it directly into your still wet armpits after a shower. A thin layer of cream will settle on your skin
