

MOISTURIZING CARE EYE CONTOUR

30 ML

Apply twice a day to the eye contour area. The cream offers a moisturising, softening and plumping combo.

Main ingredients

Organic cornflower hydrolate: Decongestant, it brightens the eyes and helps reduce pigmentation around the eyes.

Organic Orange Blossom Hydrolate: known to soothe and refresh the skin.

Organic Hamamelis hydrolate: recommended for decongesting "tired" eyes.

Hyaluronic acid: the ultimate moisturising and plumping active ingredient.

Aquaxyl™: an "anti-dehydration shield", it controls the circulation of water and its reserves in the skin.

Odour

Floral, green

Appearance: white fluid emulsion

Packaging item :

Airless - 30 ml

A combination of plants and active ingredients derived from biotechnology that act on the eye contour area.g

Directions for use

Apply a drop of treatment in the morning and/or evening. Stretch the product from the inner corner of the eye to the outer corner. Use on clean, dry skin.
