

Product Sheet

SUN BODY MILK SPF 50+

200 ML

This formula combines four broad-spectrum biological UV filters to provide optimal photoprotection against UVA (320–400 nm) and UVB (280–320 nm). Suitable for all skin phototypes.

Main ingredients

Coconut oil:

Provides softness and comfort while leaving the skin supple and nourished.

Hyaluronic Acid & Glycerin:

Help improve skin hydration by maintaining a balanced moisture level, even during prolonged sun exposure.

Sensory experience

Fragrance: delicate, ideal for the family

Appearance: white fluid emulsion

Packaging: airless – 200 ml

A complete formula suitable for all skin types.

Direction for use

Apply generously and evenly to the body. Reapply frequently, especially after swimming or in case of perspiration.

Directions for use: Do not stay in the sun too long, even when using a sunscreen product. Excessive sun exposure is dangerous.

Avoid sun exposure between 11 a.m. and 4 p.m. Do not expose babies and young children directly to the sun. Use protective clothing (wide-brimmed hat, sunglasses, T-shirt, etc.).

Avoid contact with eyes. In case of contact, rinse thoroughly with clean water.

Use within 6 months after opening. Store away from light and heat.

For external use only.

Best used before end: see bottom of the bottle.
